

Professional Development Academy
Sponsored by
Montana Council of Teachers of Mathematics
Teachers 'N Technology (TNT)

Designed to enhance 7–12 Math Education
June 11-14, 2007 at Skyview High School, Billings, Montana
Monday – Wednesday 8a.m. to 4 p.m.; Thursday 8a.m. until noon

Have you been looking for ways to integrate more technology into your classroom? Come spend four days learning, using, and developing technology activities for your classroom. Participants will be involved in activities demonstrating effective mathematics teaching strategies using technology and will take several ready-to-use lessons back to their classrooms. The activities and lessons will include effectively using one computer in a classroom, Power Point presentations, graphing calculators as learning tools, using technology to communicate with parents, an introduction to the electronic resources provided by the National Council of Teachers of Mathematics, and many more topics.

Presenters of the TNT course will be **Tony Riehl**, MCTM webmaster, and **Jacque McDonald**, editor of NCTM's online journal, *ON-Math*. The presenters are currently high school math teachers with over 50 years of combined teaching experience. Look for details at <http://www.montanamath.org> or in upcoming MCTM newsletters.

The \$325 registration fee will include:

- * Become an MCTM member or an automatic MCTM 1 year membership renewal
- * Available for 30 OPI Renewal Units or 2 semester credits

Registration is due by **May 20, 2006** with your **non-refundable** \$100 deposit made payable to **MCTM**. The balance must be paid by check or PO before the workshop.

Return or email your registration:

Linda Horst
2221 Lyndale Lane OR Email: horstl@billings.k12.mt.us
Billings, MT 59102

Scholarship applications are available at www.montanamath.org.
